The entry form is available on www.amateurradio.org.za. The closing date is 15 May 2009.

FORTHCOMING EVENTS

The first symposium in the Radio Technology in Action series will be held at the SARL Nation

This weekend presents great weekend opportunities for ZS Worked All Grid Square hunters. Many stations including KG02, KG03 and KG04 will be activated by Gerhard, ZS3TG. KF09 will be activated at Verneukpan. On Monday 13th April, you can hear Charles, ZS1CF, from JF86, and ZS1RAP will be active from ZS1RAP. Most activity will be on 80 m early in the morning and during the evening and on 40 m during the day. Refer to the postings on the SARL forum for more detail.

The Antique Wireless Association will be having it's annual Open Day on Saturday 25 April at the NARC. A Map with GPS co-ordinates is available from Andy, ZS6ADY, and you can obtain this by email. Unfortunatley the usual venue at the TAC at Rand Airport is not available due to problems with the TAC. Flea market tables are available and one should contact Rad, ZS6RAD, if you need to use one. Thanks a lot and the SARL looks forward to all these young people becoming radio amateurs.

CLUB NEWS

The Oakdale ARC (ZS1OAK) will be experimenting with propagation on the 12 m band. During their weekly club news bulletin, every Tuesday evening at 20:00, they will be relaying news items.

During the recent annual "Veldkamp", a grade eleven Voortrekker camp at Doornloof, eighty five young people participated.

PROPAGATION REPORT

Hannes Coetzee, ZS6BZ, reports that the expected solar activity will be very low. The geomagnetic conditions are likely to be stable. The eminent change of season with less energy from the sun reaching the Southern ionosphere will be a factor. 10 MHz is looking promising late afternoon and after dark for the CW and digital enthusiasts. Local conditions are going to be good on 40 m during the day time. 80 m may perform well during the day and 160 m may be the frequency of choice in the evenings. Unfortunately the static noise levels are still high. Remember that this is only a prediction and that HF has the capability to pleasantly surprise. Please visit www.spaceweather.co.za for further information.

DIARY OF EVENTS

9 - 12 April ZS3ARC active from Verneukpan and other WAZS activities; 17 April Last day to register for SARL AGM functions; 18 April Bacar demonstration at the NARC and ZS6SRL and Hamnet active for World Amateur Radio Day; 19 April - Autumn QRP Sprint; 23 APRIL Last day to enter for the May RAE; 24-26 April SARL National Convention, Cape Town. 25 April - Open Day of the Antique Wireless Association; 9 May RTA at the NARC; 15 May Closing date for SARDT award nominations.

SARL News invites clubs and individuals to submit news items of interest to radio amateurs and the general public.

The SARL also invites you to listen to the Amateur Radio Mirror International programme every Saturday at 14:00 SAST on 14.330 MHz.

You have listened to a bulletin of the South African Radio League, compiled by George, ZS6NED.
